In the spirit of giving, Foundation Day also meant gifts of kindness: students brought books, plants, soft toys. Small tokens, big hearts — building community through generosity and shared values.

A school newsletter is a regular publication that schools use to communicate important information, updates, and news to students, parents, staff, and the broader school community

INVESTITURE CEREMONY

IIMUN

SCIENCE CLUB

Curiosity sparked as the new Science Club was inaugurated. Students from all grades joined hands to experiment, observe, and dive into scientific marvels — where hypothesis meets discovery in a thrilling playground of knowledge.

Well-being took centre stage as our Health & Wellness Club launched. From physical fitness to emotional resilience, the club will nurture habits of health, mindfulness and balance — so students can flourish in every way.

PHOTOGRAPHY CLUB

SOCIAL CLUB

The Social Club was launched to channel student energy into empathy. Plans for outreach, community service and compassionate leadership kicked off.

WASTE REDUCTION POLICY

SWATCH BHARATH

Students embraced the Swachh Bharat spirit by cleaning classrooms, arranging their tables, cubby holes and caring for gardens.

Tiny hands, big impact — together they are nurturing cleanliness, respect, and pride in their school's environment.

HEALTHY LUNCH AND SNACKS

TIME MANAGEMENT

Time waits for none, and our Time Management assembly brought that message home. Students discovered strategies to prioritize, avoid procrastination, and structure their days.

The little learners of primary presented the assembly on Healthy Lunch and Snacks, highlighting the importance of eating nutritious. Through lively performances, short talks, and creative displays makes learning and play much more fun!!!

WORLD EMOJI DAY

A unique assembly...Communication in the present age goes in number of smiley faces, flying hearts, hugs, laugh out loud. To recognize the importance of emojis in our daily lives, students came dressed up as emojis, shared information about this new universal language of visual pictographs.

UFO DAY

An assembly filled with curiosity and wonder marked UFO Day. Through myths, science, and storytelling, students explored what lies beyond: imagination, critical thinking, and that infinite frontier just out of reach.

KINDERGARTEN FIELDTRIP

Tiny footsteps and wide eyes: Kindergarten ventured out. Nature walks, playful interaction, wonder at every leaf and sky — early discovery woven with joy and laughter, memories painted in sunlight.

School field trips often highlight themes of adventure, experiential learning, and the expansion of knowledge beyond the classroom walls.

PRIMARY FIELDTRIP

Young learners of lower primary descent descended into nature. Exploration, laughter, hands-on observations — each flower, bird and insect became a teacher. Learning outside the classroom, where experience outshines words

Field trip adventures awakened curiosity, teamwork and discovery

SECONDARY FIELDTRIP

Our students explored the Periyar Science and technology Centre, Anna Centenary Library and the Planetarium, immersing themselves in knowledge — from timeless books to cosmic wonders. A truly inspiring educational journey!
