

Every day is significant and has its own set of customs. We have been working with the learners' life skills and work education this term, starting in October. This is the event that was a part of our learning, and it has had a big impact on our young kids.

Community Outreach

Our students connect local concerns with global issues and gain an awareness of others. We are working together, help our learners to solve problems, make decisions and successfully contribute to their community by visiting orphanage, old age home, police station and etc..

What's Inside

“A JOURNEY OF A THOUSAND MILES BEGINS WITH A SINGLE STEPS “

- SUN TZU

Halloween party

Halloween, a global festival, was celebrated with much fun and fanfare by students. The event signaled the celebration of differences in cultures and customs and also made the students aware of global festivals and values. Students and teachers came dressed up in their beautiful costumes - witches, ghosts, scary movie characters, skeletons, vampires, and other favourite evil and spooky characters for the Halloween celebration. Everyone enjoyed trick-or-treating, eating candy, dancing, Halloween games and craft. The main highlight of the day was marching in the Halloween Costume Parade.

"THE UNIVERSE IS FULL OF MAGICAL THINGS PATIENTLY WAITING FOR OUR WITS TO GROW SHARPER."

- EDEN PHILLPOTS

Vijayadasmii Pooja

The day of victory brings the message that being grateful and reverent towards everything that matters in our lives leads to success. On this auspicious day, we had a pooja ceremony with the new joinee and engaged them with activities to prepare for the next step.

THE FUNCTION OF EDUCATION IS TO TEACH ONE THINK INTENSIVELY AND TO THINK CRITICALLY.
INTELLIGENCE PLUS CHARACTER – THAT IS THE GOAL OF TRUE EDUCATION.

– MARTIN LUTHER

Joy of Giving Week

Joy of giving week serves as a reminder of the importance of gratitude in our lives. It is vital to teach children the value of being grateful for everything they have. Our students were taken to the police station to express their gratitude for the hard work and effort put in by the police officers to keep our community safe. As a part of this, they also showed their appreciation to the bus drivers, support staff and teachers in school by providing them with a letter and greeting them.

"SHOWING GRATITUDE IS ONE OF THE SIMPLEST YET MOST POWERFUL THINGS HUMANS CAN DO FOR EACH OTHER."

RANDY PAUSCH

Fun Friday

Engaging in fun activities and games on Fridays provides an opportunity for individuals to spend quality time with each other, foster meaningful conversations, and develop social skills. As part of our efforts to promote social learning among our young learners, we organized several events that energized and engaged them.

Competitions

Competitions help learners to develop essential skills that are critical for success in today's world. They motivate students and drive them to put forth their best effort. Competitions spark interest, passion and ignite a fire within participants. Healthy competition requires teamwork and positive participation. Participants are encouraged to improve themselves and learn a new technique. Some examples of competitions are clay modelling, tangram art, and creative writing.

Clay moulding

Tangram Art

Creative Writing

International Karate Competition

Celebrations

We prioritize the inculcation of cultural values and traditions into the lives of our students. Through events, we expose our students to various cultural celebrations and help them appreciate the significance and meaning behind them. This way, they can develop a deeper understanding and respect for different cultures and traditions.

Diwali Celebration

Children's Day Celebration

Christmas Celebration

Young Tycoon

The primary goal of the young tycoon is to raise funds by selling artwork and food items created by students, which will then be used to support an old age home and their daily needs. The event was a grand affair, brimming with excitement and entertainment. It was a momentous occasion that left both students and parents filled with joy and amusement. The game corner and stalls were the center of attraction, providing endless hours of fun-filled activities and games. The atmosphere was electric, and everyone was caught up in the festive spirit, making it an unforgettable experience.

Workshop

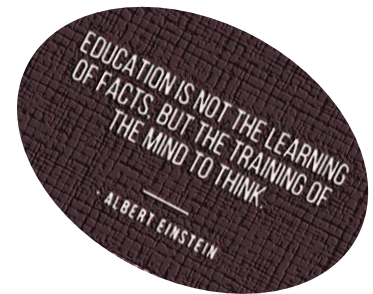

Our workshops are specifically designed to provide our teachers with the most up-to-date skills and knowledge, ensuring that they remain at the forefront of educational Updates. Our continuous learning is reflected in these Professional Development Workshops, which in turn impacts the growth and quality of the children in our school.
